NH Chapter, Sunday May 13th 2018

Bighelp
for Education

Bighelp New Hampshire S.T.E.A.M Event 2018

Nashua High School North, 8 Titan Way,
Nashua, NH 03063

Congratulations to the **New Hampshire Chapter** team for all their sincere efforts in planning the 4th Spring Festival STEAM 2018 event.

Happy Mother's Day To All Of You!

Thank you for taking time to join us and celebrate this STEAM focused annual event. Your support is much appreciated!

I am very fortunate to have the support of volunteers and donors in the New England area who are very open minded and took Bighelp's cause to their heart and made it part of their family. I am very confident that you all feel proud of what we have done for the betterment of mankind in the past 16 years by building a fine institute called 'Bighelp' that positively changed lives of thousands of underprivileged children in India and lifted them out of poverty for good.

-Chand Pasha Shaik, Founder & President, Bighelp For Education

Sterling Smiles
professional family dentistry

76 Northeastern Blvd., #29B • Nashua, NH 03062

603-459-8127

www.sterlingsofnashua.com

The advertisement features a family of four (a man, a woman, and two children) smiling and posing together. The background is a mix of green and blue with a stylized sun and leaves logo for Sterling Smiles.

Despite great progress in the last few years, millions of children worldwide are still denied their right to education. Restricted access to education is one of the surest ways of transmitting poverty from generation to generation. Education is a vital human right, enshrined in the Universal Declaration of Human Rights and the United Nations Convention on the Rights of the Child. Every girl and every boy should have the right to a quality education so that they can have more chances in life, including employment opportunities, better health and also to participate in the political process.

As an educator for more than 15 years, I strongly believe that Education can promote gender equality and promote peace. In sum, education is one of the most important investments a country can make in its people and its future. When children are educated, they are armed with the courage and self-confidence to better themselves and their families, their communities, and ultimately the next generation.

I'm truly blessed to work with wonderful organization like Bighelp, which fervently believes that underprivileged children in India who are deprived of Education need not only academic skills, but also rather life skills that enable them to improve their financial prospects and well being. These include financial literacy and entrepreneurial skills; health maintenance and administrative capabilities, such as teamwork, problem solving, and project management. Through this unique combination of relevant content and student empowerment, children develop a body of knowledge, skills, and attitudes that will enable them to succeed and thrive when they leave school, whether they are headed toward college or remain in their communities.

In order for the volunteering component to be valued, the service must be meaningful both for the volunteer and the community being served. Without the need or the communities' interest in responding to it, even the most well intentioned school, in the most deserving of communities, may not be meaningful.

Bighelp for Education depend on our volunteers to break the cycle of illiteracy and low expectations, and ignite a cycle of possibility, compassion, and community engagement. Bighelp volunteers are sparked to take action. With education, learners become leaders and develop the skills to improve their lives, their schools and their communities.

-Pratima Penumarthy, President, Bighelp NH Chapter

We all believe education & social responsibilities are vital resources in the world we live in today. Bighelp is a non-profit organization that has come forward for the great cause to support education giving back to our community with the help of all of you. It is all about the kindness inside you which inspires you to make a big difference for a great cause. Even a small contribution will make a big difference for many people. The best way to find your-self to support the community is to lose your-self in the service of others.

Volunteering gives you the chance to support the movement towards the kind of community and world you want to live in. It gives you the opportunity to be a part of something bigger than yourself and use your civic responsibility for the greater cause. Volunteering will inspire you to give back by donating your time, energy, and resources to the causes you're most passionate about.

Volunteering helps you create a positive impression, makes you more innovative, creative and gives you a range of useful skills. It's not just us that believe this, recruiters do too. Employers love a candidate with a range of soft skills and luckily, volunteering gives you plenty of those. You are faced with problems on a daily basis, you have to deal with a mix of personalities all while adjusting to life outside of your comfort zone. This all adds up to improve your teamwork, leadership, problem-solving and people skills.

We strongly believe wherever there is a human being, there is an opportunity for kindness to support the community. We ask for everyone to come join us to help provide education for underprivileged children.

I am proud to be a part of the Bighelp family to provide educational opportunities for underprivileged children.

-Vishnu Kode, Vice President, Bighelp NH Chapter

Education is the most important factor in any one's life, and getting educated is a human right. Along with education, everyone should earn good morals, common sensibilities and social responsibilities. Education helps to decrease crime rate & strengthen our society. Every parent, every citizen and every human being has a responsibility to make a great next generation. I strongly believe - instead of just concentrating on completing degrees and career development - we should teach our next generation a good culture. The word 'Culture' doesn't have a gender, race, religion or ethnicity. It is only to make aware of 'what is good,' 'what is bad' and a good conduct to make ethical posterity.

Bighelp is a Non-profit volunteer organization, dedicated to provide educational opportunities for underprivileged children in India. To me, volunteering for such an organization is a great opportunity to provide something in return for the community. Bighelp has a single great agenda. I line-up with the same belief which Bighelp has: Children's education is one of the most effective investments for any country that can make. It's a pride to help needy children around the world who needs required resources in order to continue their deserved education. I feel proud to be part of this great cause.

-Saradhi Valluru, Secretary, Bighelp NH Chapter

Program List – STEAM 2017

Seq #	Item/type/choreographer School name/ Songs song_name	Description	Participants
