## A message from our President

**Wish you all A Happy Pongal/Sankranthi/Vaisakhi and Republic Day**

BIGHHELP FOR EDUCATION is instrumental in designing the future of the underprivileged children in India, and it's possible only through the tireless efforts of our volunteers and unconditional support of our donors. Sponsoring a child is in itself sponsoring a life. A twinkle in the eyes of these children today ensures the beaming future of the nation. I am amazed with what we have accomplished so far since founding the organization in 2002 and proud to see so many likeminded people and donors supporting the cause. I am so proud of our achievements, donors, volunteers and of what we are accomplishing together.

In the year 2013 we have strengthened the local participation and mobilized community support in 5 chapters in USA as well as at our 28 projects in India. While we continue improving the quality of our current programs and maintaining our administrative expenses at below 5% level, a new program **National Merit Scholarships** has been introduced in India and implemented successfully this year. Initiatives like YouthHelp, GreenHelp and Experience Exchange programs have provided a platform for children in India and USA that make them partners in the educational awareness programs.

Bighelp is expanding and we are very fortunate to find dedicated volunteers who share our vision and have taken initiative to forward the goals and ideals of our organization all over USA. To help with the organizational responsibilities in our flagship chapter of Greater Boston area, we now have a dedicated executive team. With great pleasure, I am happy to introduce the Boston chapter **Mrs. Sandhya Bommaraju**-President, **Mrs. Deepthi Gora** - vice-president and **Mr. Jagadeeswara Nagalamadaka** - Secretary. I have full faith in their leadership, confident about their commitment towards contributing to Bighelp cause, and wish them all the success in organizing today's event and years to come.

All leadership positions in USA and India, including my position, at Bighelp are volunteer positions. It helps us keep our administrative expenses low, while having very qualified and committed people running our programs. Thanks to all our board members, our executive vice-president **Mr. Amar Jayam**, our web master **Mr. Vijay Panchakshari**, our team in India, entire Boston team, all leads, all volunteers and supporters for making Bighelp a success story. We invite all noble souls to join hands in this endeavor and we continue to look forward working with many more volunteers for the betterment of underprivileged children in coming years.

Our vision is to ensure quality education for every child in India, and I look forward to your continued support.

Let us sponsor a child! Let us adopt a school! Let us strive to brighten the future of our future generation, **our children**.

**-Chand Pasha Shaik, Founder & President, Bighelp For Education**

Total 12 winners have been selected for the academic year 2012-13 and presented scholarships. Any orphan child that lives in any part of India, who is financially backward, studied 10<sup>th</sup> class in government public school and received the GPA of 9.8 or more (out of 10), is eligible to apply for this scholarship.

**\*\*That is BigHelp for Education\*\***

**\*\*BigHelp believes Education is the most powerful weapon which you can change the world\*\***

Education facilities and infrastructure are the basic needs in any school. The poorest of the poor can't afford a hi-tech school. Government Schools are the only resource for them to be educated. Lack of facilities in those schools is bound to hinder their progress in catching up with others. Keeping in view the importance of modern technology in education, BigHelp provided computer, computer table & chair, CDs with rhymes and library books suggested for the students of primary classes in Greater Visakha Municipal Corporation Primary School, Maddalapalem, Visakhapatnam district, Andhra Pradesh.

BigHelp donated

- 45 benches with desks for students, Sports Material and 20 chairs for staff of Nehru Municipal Corporation High School Maddalapalem, Visakhapatnam district.
- Provided 2 computers to Government High School at Vijayapuri South, Guntur District.
- Provided books and Philips LED TV to Kurmaguda Academy for Relief & Education (KARE), Kurmaguda, Hyderabad.

Health of the children is as important as their education. Hence, a Medical camp has been conducted by BigHelp in Jalluru village, Pithapuram Mandal, East Godavari district. A team of 5 doctors from nearby towns, Kakinada and Rajahmundry, have volunteered and provided free services during the camp and performed Physical examination, Dental checkup and Eye examination for 220 students at Jalluru Primary school.

### A poem dedicated to Bighelp by a 5<sup>th</sup> grader

Big-Help, Big-Help  
is a great help.

It raises the funds,  
and helps everyone.

Every year we all gather here,  
to see youths become doctor and engineer.

Big-Help has many youths,  
who work together in different booths.

Lots of people volunteer  
to help India's kids make a good career.

Make these children feel cool,  
by sending them to school.

Donate, Help and be kind,  
you will gain peace of mind.

Let's support all kids who are poor,  
by making our hearts very pure.

Our one good deed,  
will assist our Nation's kid to read.

Big-Help, Big-Help  
is a great help.

- **Khushi Shah**, 5th grade

**Bighelp** offers following services to those who come forward to help the underprivileged children in India.

**1. Sponsor A Child**

**2. Adopt A School**

**3. Merit Awards**

## Sponsor A Child

The objective of 'Sponsor A child' program is to fund and sponsor the education of children in India who are at risk of discontinuing their studies due to very impoverished circumstances. The goal of this program is to prevent the dropouts by orphans or financially backward children. Through this program, a donor can sponsor the education of an underprivileged child for the period of one year. Donor will be provided with the details of their sponsoring children through our website. Donor can communicate with their sponsoring children through mails or personally meet them by visiting the project site on project monthly meeting day. **It takes \$11 per month to sponsor the education of a needy child.**

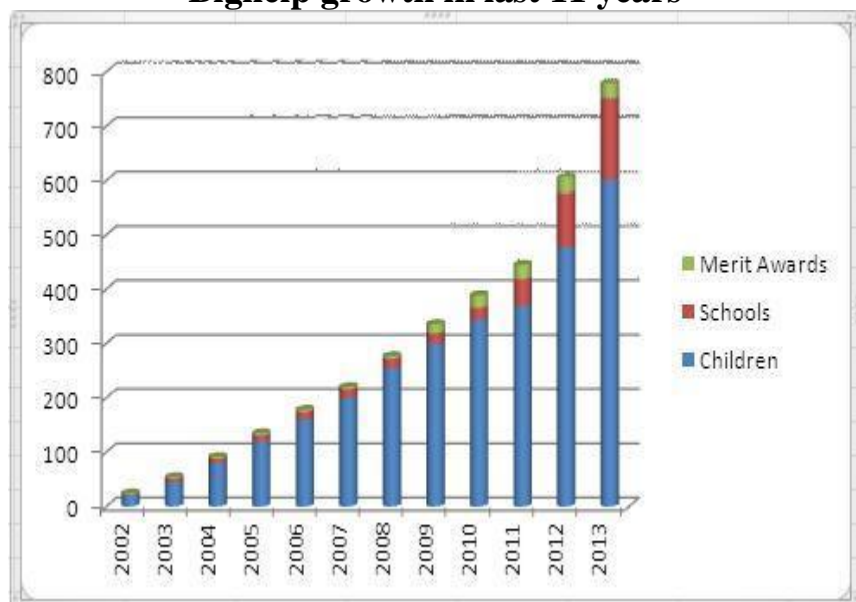

## Adopt A School

The objective of 'Adopt A School' program is to strengthen Government schools that are providing formal education in rural areas in India. The goal of this program is to make Government schools an interesting place to learn, increase the student enrolment & retention rate, incorporate good teaching and learning techniques in government schools and ensure that the education that the children receive is effective. Usually most of the students studying in Government schools come from low socio-economic backgrounds. Donors can visit these schools for monitoring the progress of their project.

## Merit Awards

The objective of 'Merit Awards program' is to create a competitive spirit among students studying in different schools located in certain selected region. The Donor can establish the funds on their name or their loved ones (Mother, father or anyone), distribute the interest of the funds for giving the scholarships or awards or sponsoring the education of the children. The principle amount will be deposited into Bighelp's account, then the bank interest will be paid as award every year for the award winner. Award is defined based on certain criteria and interests of the donor. Usually the criterion is the marks received by the students in 10th standard or 7th standard. The award criteria can be different for each award. The award criteria is pre-defined and announced in all schools in a selected region.
